

Occupational Therapist

My Rehab Team/ My Rehab Team- paeds

Full Time/ Part Time/ Contractors

Paediatric or Mixed (adult/paediatric)

About Us

My Rehab Team and My Rehab Team - Paeds are growing and seeking passionate clinicians dedicated to supporting people within the community. We provide clinicians with the opportunity to achieve their clinical aspirations, offering the flexibility to choose a mixed (adult/paediatric) or paediatric caseload. Two positions are currently available.

Our well-established service operates with a family-oriented, multidisciplinary team approach. For the adult caseload, we focus on neurological conditions and complex disabilities. The paediatric caseload is more general, allowing clinicians to tailor their caseload to their specific areas of interest.

Our workplace is flexible, offering both clinic-based and mobile work. Clinicians have the autonomy to manage their own schedules to meet low KPIs. In addition, we offer generous TOIL once weekly KPIs are met.

Our mission is to empower individuals to overcome challenges and lead more independent lives. Every day, we make a meaningful impact on our clients' journeys toward capacity and independence.

Tasks & Responsibilities

- Assess a person's function and support them to reach their potential (developmental milestones, capacity building, and/or advocacy)
- Assessment, trial and prescription with assistive technology needs.
- Empower upper limb function to its full potential.
- Assist individuals with cognitive impairments to realise their capabilities.
- Provide strategies and intervention to support persons with neurodivergence, varying sensory profiles and/or mental health challenges to unlock their potential.

- Enable participation and independence in a person's meaningful ADLs (self-care routines, schooling, employment, community recreation and socialisation, and instrumental ADLs).
- Participate in research and community development projects.

What You Need:

- Bachelor's or Master's degree in Occupational Therapy
- AHPRA registration
- NDIS Worker Screening
- Valid driver's licence
- Professional indemnity insurance
- Current CPR & First Aid certificate
- Unrestricted rights to work in Australia

What we offer:

- Competitive wage
- Low KPIs with bonus TOIL
- Flexible work hours
- Flexible workspaces—community and clinic-based opportunities
- Be part of a supportive, dynamic multidisciplinary team
- Tailored mentoring and clinical supervision from experienced practitioners
- PD allowance of \$1500 p.a and 5 study leave days
- Opportunities for career growth
- Monthly professional and social catch-ups
- Managerial and administrative support for career development and daily tasks
- Community and tertiary partnership opportunities
